PROFESSIONAL SUMMARY

Detail-oriented and adaptable professional with substantial experience in office administration, procurement, supplier sourcing, importation, client coordination, healthcare support, psychological testing, and project operations.

Currently pursuing a Bachelor of Science in Computer Engineering at ICCT Colleges, developing technical, analytical, and problem-solving skills that complement proven professional experience. Experienced in preparing quotations, coordinating with clients and suppliers, managing documentation, negotiating prices, overseeing overseas purchases and shipments, and conducting rigorous quality assurance checks.

PROFESSIONAL EXPERIENCE

Office Administrator / Purchasing Officer / Person-in-Charge (PIC)

RGT Art Glass and Aluminum Supply

September 2020 – Present

- Prepare quotations and project-related documents based on client requirements.
- Coordinate with clients, respond to inquiries, and follow up on outstanding payments.
- Attend meetings and coordinate with clients, suppliers, and project personnel when required.
- Serve as Person-in-Charge (PIC) at job sites when needed.
- Handle purchasing and sourcing of raw materials and project supplies.
- Search for and evaluate suppliers based on product requirements, quality, pricing, and availability.
- Communicate and negotiate with local and international suppliers.
- Manage raw-material purchasing and importation from supplier sourcing and negotiation through shipment and delivery to the Philippines.
- Coordinate with suppliers regarding product specifications, orders, pricing, and delivery schedules.
- Monitor incoming materials and conduct quality checks to ensure they meet project requirements.
- Maintain purchasing, supplier, quotation, and project-related records.
- Provide general administrative and operational support for the business.

Psychological Test Administrator — Psychology Department

Safeway Diagnostic Medical Clinic (SDMC)

November 2018 – February 2020

- Administered standardized psychological assessments following established testing procedures.
- Provided clear instructions to clients before and during assessments.
- Prepared and organized psychological testing materials and documentation.
- Assisted in recording, organizing, and processing assessment results.
- Maintained confidentiality and proper handling of client information.
- Coordinated with clients and staff regarding testing schedules and requirements.
- Provided administrative support for daily Psychology Department operations.

EDUCATION

Bachelor of Science in Computer Engineering
ICCT Colleges
Currently Pursuing

Senior High School
Technological Institute of the Philippines – QC
2016 – 2018

Junior High School
San Roque National High School – Antipolo
2012 – 2016

Elementary
Juan Sumulong Elementary School – Antipolo
2006 – 2012

CORE SKILLS

Administrative & Operations

Office Administration | Data Entry | Records Management | Quotation Preparation | Payment Follow-up | Client Coordination | Job-Site Coordination (PIC) | Project Support

Procurement & Supply Chain

Supplier Sourcing | Supplier Evaluation | Price Negotiation | Purchasing | International Sourcing | Importation Coordination | Shipment Monitoring | Quality Checking

Technical & Digital

Microsoft Office | Google Workspace | Online Research | Hardware Troubleshooting | Basic Electronics | Embedded Systems | Computer Engineering

Professional Skills

Communication | Organization | Time Management | Attention to Detail | Adaptability | Independent Work | Team Collaboration

X-Ray Clerk — Radiology Department
Safeway Diagnostic Medical Clinic (SDMC)
July 2018 – November 2018

- Assisted with patient registration and appointment scheduling.
- Handled patient records, documentation, and related administrative tasks.
- Coordinated with patients and clinic staff regarding schedules and procedures.
- Assisted in organizing and maintaining confidential patient information.
- Supported the daily administrative operations of the X-Ray Department.
- Ensured accurate documentation and proper filing of records.

TECHNICAL & ACADEMIC PROJECTS

Computer Engineering Academic Projects
ICCT Colleges

Currently developing academic projects involving microcontrollers, sensors, electronics, digital measurement systems, and embedded systems as part of Computer Engineering coursework.

- ESP32 microcontrollers, sensors, and electronic components
- Digital measurement systems & basic embedded-system programming
- Electronics prototyping & hardware troubleshooting
- Technical documentation, research, and product development

PROFESSIONAL STRENGTHS

Procurement & Supplier Sourcing: Experienced in finding suppliers, evaluating options, negotiating pricing, and managing orders.

Importation & Logistics: Experienced in managing overseas purchasing cycles, customs coordination, freight monitoring, and receiving inspections.

Administrative Operations: Skilled in quotation drafting, client follow-ups, payment schedules, and office document workflows.

Client & Supplier Communication: Comfortable dealing with external clients, international vendors, and technical personnel.

Technical & Analytical Mindset: Strong foundation in Computer Engineering principles, logic, electronics, and technical troubleshooting.

Adaptability: Versatile track record spanning procurement, clinic administration, and technical environments.
